

Seal Coating will be done next week Monday August 29th and Wednesday August 31st. The south end of complex will be done on Monday and the North end on Wednesday. Both days they will begin at 10am. Please make sure that you have your vehicles moved out of the area before 10 am, you will not be able to drive or park on the asphalt for 24 hours after your area has been completed. If you're not sure where to park your car, the lot behind Johnny Malloy's and Arby's has overflow parking spots and you can walk through the back gate to our complex. The map that is attached will show the areas being done on which day. If you have any questions please contact Tim Korte at 330-391-5422.
